11. a) Has any work commenced or has any portion of the project for which you are seeking a permit been completed?  Yes  No

b) Are you submitting this application at the direction of any state, local or federal agency?  Yes  No  
If your answer to either question above is "YES", give details below stating when the work was completed, who performed the work, and which agency (if any) directed you to submit the application. (Please clearly differentiate on your application drawings that portion of the work which has been completed from that which is proposed.)

- 
12. Check the appendices below that apply to your project. NOTE: Applicable appendices must be completed and submitted with your application. If you are proposing multiple activities, you may submit one plan view drawing provided all the required information for each activity is included (e.g., if your proposal includes a pier, boathouse and dredging, you may show all activities on a single plan view drawing). A sample drawing for each activity is located in back of the corresponding appendix. Although the sample drawings are condensed so that the plan view, cross section, end view, and vicinity maps are all on one page, you do not have to limit your drawings to one page. Drawings submitted do not have to be prepared by a professional engineer.

**PRIVACY ACT STATEMENT:** The Department of the Army permit program is authorized by Section 10 of the Rivers and Harbors Act of 1899, Section 404 of the Clean Water Act, and Section 103 of the Marine Protection, Research and Sanctuaries Act of 1972. These laws require that individuals obtain permits that authorize structures and work in or affecting navigable waters of the United States, the discharge of dredged or fill material into waters of the United States, and the transportation of dredged material for the purpose of dumping it into ocean waters prior to undertaking the activity. Information provided in the joint permit application will be used in the permit review process and is a matter of public record once the application is filed. Disclosure of the requested information is voluntary; but it may not be possible to evaluate the permit application or issue a permit if the information requested is not provided.

**ALL APPLICANTS MUST SIGN BELOW** I hereby apply for all necessary permits for the activities I have described herein. I agree to allow the duly authorized representatives of any regulatory or advisory agency to enter upon the premises of the project site at reasonable times to inspect and photograph site conditions. I certify that the information submitted in this application is true and accurate to the best of my knowledge.
